**Abstract**—The purpose of this study was to determine the effect of a 10-week training program on the heart rate (HR) and energy expenditure (EE) of sedentary, middle-aged women. The subjects were randomly assigned to a control group (CON) and an exercise group (EX). The EX group performed a 10-week training program consisting of three sessions per week of aerobic exercise. The HR and EE were measured at baseline and at the end of the 10-week training program. The EX group showed a significant decrease in HR and a significant increase in EE compared to the CON group. The results of this study suggest that a 10-week training program can improve the cardiovascular fitness and energy expenditure of sedentary, middle-aged women.

W16.The Memories of a Robot

Like that.

Like that.

When I was with them...

Even if just a little...

I think I might have been able to laugh...

I didn't like it very much.

That night...I had a nightmare

IT'S SO FRUSTRATING...

...Isn't this Dad's voice..?

THE ONLY THING DADS GOT IS DRINKS...  
DADS NOTHING LIKE A MOM...LMAO, SHE  
DOES IS NAB...AND DADS NEVER  
APPROPRIATE TOUCHES ME... WELL, MY  
PARENTS DID FORCE ME INTO THIS  
MARRIAGE, BUT STILL

YOU'RE EXACTLY...MY TYPE...

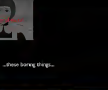

That night, my mother took the car out...

And never came back

the lunatic that made a  
robot for his own carnal  
desires

And that the driving robot...  
was interfering a whole lot of humans...

...these boring things...

you don't laugh

Now our morals and values

as time passes, they will lose their meaning

That bright laugh of Hogo that made me laugh

is still the same

But the way our society is now, he is just the butt of jokes

HOGO... YOU  
DROPPED AND  
SCARED FROM  
SAY! BOOM!

I'll HAVE TO  
CLEAN IT

HAH? OH,  
TAKING...

HAH-H

HOGO... YOU'RE ALWAYS  
SO CLUMSY... YOU HAVE  
TO BE MORE CAREFUL.

HAH  
THANKS...

HAH

robots can never be humans

I keep studying robots in order to prove this but...

VIOLET... DO YOU  
REALLY DO ANY  
SOMETHING AFTER  
SCHOOL? I GOT AN  
INCHING!

I CAN'T  
COOKING  
FOOD

THEN DO YOU  
WANT SOMETHING? I  
LL BUY IT FOR YOU.

...but there is one thing that I am still curious about...

old father

...really love that robot...

Grandma has passed away

The only ones from my class who attended the funeral were Minwoo and Anna

Minwoo showed up in bruises...

And kept vigil for three days without uttering a single word the whole time

The sweltering heat of the summer passed

And the cool air of summer is now approaching

Chevrolet's words

still ring in my head...

Since then Daigo and his friends have stopped bothering me

And the already limited dialogue between myself and my classmates have come to a complete stop

It's been a week since Chevrolet left. She said she'd return in a day,

but she still has not returned

# 3 LEVEL COMBINATION KIM CHANG-NAM

#AFTERWORD

Hello, this is the creator of "3 Level Combination Kim Chang-nam!" Ha Ji-Kwon speaking. First of all, I'd like to thank each and every one of you for reading and following "3 Level Combination Kim Chang-nam!"

Following "Bombing Barber Shop" and "A Gang Boss's Love,"  
"3 Level Combination Kim Chang-nam!" is my third work.

I graduated from college earlier this year, so now that I was no longer  
a student but rather a working member of society, I was under some  
significant pressure while preparing this new series.

I had several ideas for it, but what spoke to me most was a swimming manhole called  
"Free-style." I started plotting it January this year, and had the overall story plotted out. I pre-  
pared for some interviews, and around the time when I was trying to buy the membership of  
the swimming pool in my neighborhood.

"It's boring"

By so what my editors and the people around me told me oh so coldly...  
so I dropped it.

They suggested instead,

Instead of a swimming pool, I decided to do a... but I couldn't find any inspiration.  
So, giving in, I took my graduation work "3 Level Combination Kim Chang-nam!" and adapted  
it into a full-length story.

This was the initial picture. Kim Chang-nam is the looking figure in the back.

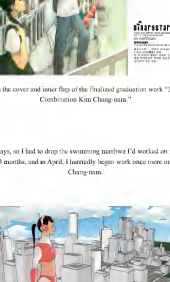

The initial characterizations of Anna and Chevrolet

This is one of the sketches for the graduation work.

This scene was also in the serialized Kim Chang-nam, though the  
composition and direction of it is a little bit different.

This is from the finished version of the graduation work. It is the  
scene when Chevrolet first comes to school. It's almost the same as the  
serialized version, isn't it?

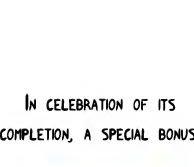

This is a scene by the neverbark that did not take place in the serialized  
version.

This is the cover and inner flap of the finalized graduation work "3 Level  
Combination Kim Chang-nam."

Anyways, so I had to drop the swimming manhole I'd worked on for the  
past 3 months, and in April, I hurriedly began work once more on Kim  
Chang-nam.

This is one of the concept images created while planning out the plot.

Developing it as a webtoon for 3 months from April to June, its first chapter was put up online  
on Naver on July 4th.

There were a lot of obstacles while serializing and there were a lot of things I wanted to say,  
but now that the series is over, I find myself not knowing what to say.

There are a lot of people curious about the ending, but I think it best if you interpreted it for  
yourselves.

The words of a certain someone come to mind.

"It is necessary for everyone, after having read a work, to reach the same conclusion and  
have the same thoughts and feelings about it. Everyone will have their own thoughts and  
feelings, and will come away from the experience having arrived as much as is needed."

There are just a few more things to address...

One of which is, many people have expressed curiosity over the title "3 Level Combination  
Kim Chang-nam?"

There were a lot of people analyzing it as the correct section -  
but to put it shortly...

"There is no meaning"

If you had high expectations for it, I apologize.

First of all, this is a robot manhole with a tin can robot character, so of course it's "3 levels of  
combination"...was my personal preference, so that went in the title.

I got "Chevrolet" from the bike that my friend rode, and "Lena" is the name of my scooter.  
As for those several military vehicles who passed that Chevrolet's product number is my  
military serial number... I thank you for being able to spot even those minor details.

Without a single exception, I have read every precious comment starting from chapter 1 -  
I was able to gain strength and energy from your encouraging words.

Whether it was picking out the poor parts and criticizing them or simply telling me  
straight out that it was boring - I was able to learn and grow from them all.

Many people also dropped by my blog and expressed their appreciation, and many  
people also wrote reviews of this work on their own personal blogs.

Whether they were positive or negative, I was so happy to see them. I wonder how other  
people will think of my manhole...? Being able to see and share such varying opinions brings  
me joy.

Lastly, to those who always encouraged me during the serialization - my family, friends,  
the professors who guided me, my seniors and colleagues, supervisor Ra Sang-gyun and  
assistant manager Kim Joong-gu who made sure the story stayed on track, everyone at Hahoon  
Publications who worked hard to publish the paperback books, Jung Yong-uk who helped with  
coloring, everyone at PAPERMINT and Urban Art, and everyone at Cartoon Boomer!

Webtoon Forums... thank you...

Once again, to all the readers who have stuck with the story despite its flaws and  
inadequacies... thank you very much.

I can't give a precise date, but please look forward to my next work on Naver Webtoon.
